They're mad because social media is now much bigger than legacy media.

MSNBC: 1.165 million viewers
Twitter: 6.5 million viewers

MSNBC:

MSNBC is the second-most-watched basic cable network in primetime for February 2023. According to Nielsen live-plus-same-day data, the network averaged 1.165 million total viewers in the daypart, only fewer than Fox News. MSNBC also averaged 711,000 total day viewers in February, No. 2 on basic cable in total day again only behind Fox News.

In addition to ranking No. 2 in total primetime viewers and total day viewers, MSNBC ranked No. 21 in the primetime demo (119,000) and No. 17 in the total day demo (80,000) across basic cable.
